

Deshjuana “Desh” Bagley

**Director
Advanced Technology Center
SCF**

Deshjuana "Desh" Bagley is a leading IT professional with over 30 years in the field, blending innovation with expertise in emerging tech. She excels as a national trainer and speaker, guiding individuals towards tech careers. Her work, especially in robotics, AR/VR, cybersecurity, and AI, includes beta testing with OpenAI, integrating AI with robotics to enrich education. As Director of the SCF Advanced Technology Center, a key hub for IT workforce training, Desh is spearheading the fusion of AI, robotics, and education, shaping a tech-savvy workforce for the future.
